

FOR IMMEDIATE RELEASE

**CONNECTYX ANNOUNCES THE LAUNCH OF MEDFLASH  
Its New Personal Health Record and Wellness Portal with  
Associated Pharmacies Incorporated**

**Palm City, Florida, Oct 6, 2008. Connectyx Technologies Holdings Group, Inc. (OTCPK: CTYX)** announced today its latest launch of its MedFlash personal health record with Associated Pharmacies Incorporated (API) a buying cooperative for more the 1,000 independent pharmacies spanning 40 states. The MedFlash program is designed to store personal health and lifestyle information on a (1GB) 2 inch portable flash drive and through the internet. The MedFlash internet site allows the user to maintain and update all their critical information and then download only selected key information to the flash drive. Ronn Schuman the company's CEO stated: "Working with API opens up a new opportunity for us to reach many independent pharmacies in the South East United States allowing us to offer MedFlash to their consumers at an affordable price." "MedFlash is an easy-to-use, portable personal health record that allows consumers to manage all areas of their lifestyles, focusing on wellness, prevention and securing personal information," said Ronn Schuman, Connectyx CEO. MedFlash allows users to easily store their history, medication records, treatments, key personal records and lifestyle routines up to date on a device that they can carry with them. The device is seamlessly connected to any computer for routine or emergency access to important information. Serious drug interactions can be avoided, allergic reactions prevented and historical records accessed including x-rays, living will, insurance policies. By choosing MedFlash, API stores recognize the importance of the personal management of one's own personal & health care records.

About Connectyx - MedFlash [www.med-flash.com](http://www.med-flash.com) [www.connectyx.com](http://www.connectyx.com)

Connectyx Technologies (OTCPK: CTYX) MedFlash™ has a broad appeal in their respective markets and are in the most sought after technology growth sectors: Personal health records.

MedFlash is a Personal Health Record device and has no equal in the marketplace. It should become ubiquitous by virtue of its simplicity and potential life saving features. The company has now developed a web based portal that will enable its owners not only to keep medical history but gives them the ability to download MRI's, X-rays, and a host of other medical and life style information all on a 1 GB flash drive that can plug into any computer and or be accessed directly from the Internet. MedFlash has experienced significant sales increases in the last 6 months due to a number of new customers. MedFlash has the price point that appeals to all age sectors and its distribution is not limited to the retail marketplace. MedFlash is being introduced to charitable organizations for fundraising efforts, has corporate logo appeal, can be sold via physicians practices, through insurance companies, given away as a corporate benefit, valuable to the travel industry for clients leaving the US, has the ability to be translated into many languages and the list goes on.

**About** Associated Pharmacies, Incorporated

Associated Pharmacies, Incorporated (API) since April 1987 has functioned as buying cooperative for more the 1,000 independent pharmacies spanning 40 states. API's mission is to provide independent pharmacy owners the opportunity to buy like a chain. Today's members participate in programs that offer savings on brand, generic, and OTC products. Many pharmacy owners credit API for allowing their pharmacies to thrive instead of just survive in today's constantly changing marketplace. API's central office is always working on new programs and communicates daily with other co-ops nationwide. API members are kept current with contracts and information that impact independent pharmacy owners.
