

Connectyx Technologies Holdings Group, Inc. Increases Margins To 87% and Reduces Expenses by 10% for the YTD 2009 Versus YTD 2008

Company Posts Unaudited Financials on Pink Sheets

PALM CITY, FL--(MARKET WIRE)--Nov 5, 2009 -- Connectyx Technologies Holdings Group, Inc. (Other OTC:CTYX.PK - News) announced that the Company has posted its unaudited financial statement for the third quarter of 2009 on Pink Sheets. The Company decreased its net loss by approximately \$100,000 for the YTD 2009 as compared to the YTD 2008 despite a decrease in Revenues of \$29,883. This is because Connectyx was able to reduce its expenses by nearly\$ 60,000 while increasing its gross margin to 87% from the 64% gross margin it had for the same period in the previous year. The Company continues to decrease expenses for the first three quarters of 2009 as compared to 2008.

Connectyx posted revenues for all of 2008 of \$322,067 and through the third Quarter of 2009, \$246,140. Based upon these figures the Company expects to exceed 2008 revenues. This along with the decrease of Selling and Administrative Expenses and the increase in profit margin should allow the Company to breakeven in the first half of 2010.

MedFlash™ continues to gain momentum and is currently being sold at over 4,000 retail stores nationwide and is also distributed through drug wholesalers to over 20,000 independent medical and pharmacy groups including, Cardinal Health Care, AmerisourceBergen, two of the largest medical distribution companies, Kroger, Fred Meyer, QFC, Harris Teeter, Medicine Shoppes, Ralphs and HEB. In addition to retail outlets, MedFlash™ is being sold as a promotional incentive with affinity groups. Currently, MASA and MedJet Assist national emergency transport membership organizations. In addition to the stellar build out of our retail presence, two Smart Phone applications are being rolled out through AllOne Mobile and uVuMobile.

"We are excited about the results Connectyx has achieved over the first nine months of this year given the slow economic conditions. We have successfully reduced our marginal costs so that growth in unit sales will have a tremendously positive effect on our bottom line," stated Ronn Schuman, President and CEO of Connectyx Technologies Holdings Group, Inc.
