About Connectyx Technologies Holding Group Inc.

Connectyx Technologies provides unique products for the healthcare market including the electronic Personal Health Manager (PHM), MedFlash. MedFlash is an easy to use Personal Health and Lifestyle Manager that is web accessible with a USB flash drive and smart phone enhancements coming soon. MedFlash PHM provides the benefit of having its members Emergency Medical Profile and Personal Health Record available instantly in case of an accident or a medical emergency. Whether traveling, at work, or at home, Medical Teams will have an invaluable advantage when they have access to this time critical information. With the web portal and 24/7 emergency call center access, information on MedFlash can be accessed on any computer, securely and with complete privacy for members. There are also lifestyle and wellness features that can provide significant cost and liability savings for employers and insurers alike.

When using the MedFlash manager you will be able to arrive at your Doctors office with your forms pre-printed and ready to go, your insurance and advance directives available at a moments notice, and your prescriptions listed for the physician’s reference. Those are just a few of the time saving features the MedFlash PHM provides. Our products are developed with the needs of Patients, Families, Doctors and First Responders in mind.
