

## **Connectyx Technologies Holding Group, Inc to Attend the Consumer Electronics Show in Las Vegas, Nevada.**

PALM CITY, FL -- (PRNEWSWIRE) Jan 06, 2009 -- Connectyx Technologies Holdings Group Inc. (Pink Sheets: CTYX.PK) is pleased to announce that the Company's CEO, Ronn Schuman is attending the Consumer Electronics Show (CES) being held at the Las Vegas Convention Center from January 7<sup>th</sup> through January 10<sup>th</sup>. The CES is the world's largest annual tradeshow for consumer electronics technology and America's largest tradeshow of any kind. In preparation for the show, Connectyx has scheduled meetings with key distributors, re-sellers and manufacturers.

With the passage of the healthcare bill, many new companies have shown an interest in integrating Connectyx technologies MedFlash™ Electronic Personal Health Manager (ePHM) with their existing products. No longer burdened with healthcare records being a liability, consumers are expected to adopt the MedFlash platform in record numbers this year. Mr. Schuman will also be meeting with existing and new suppliers to reduce costs as membership volume increases.

"We look forward to attending CES this year. We are excited about our meetings and potential CES has to offer in connecting our products with new trends in consumer electronics. This is an excellent opportunity for us to forge strong relationships with new distributors, existing re-sellers and product manufacturers," stated Ronn Schuman, President and CEO of Connectyx.

### **About The Consumer Electronics Show:**

With more than four decades of success, the International CES reaches across global markets, connects the industry and enables CE innovations to grow and thrive. The International CES is produced by the Consumer Electronics Association (CEA), the preeminent trade association promoting growth in the consumer technology industry. CEA represents more than 2,000 corporate members involved in the design, development, manufacturing, distribution and integration of consumer electronics products. All profits from CES are reinvested into industry services, including technical training and education, industry promotion, engineering standards development, market research and legislative advocacy.
